Earth Day 2017

South Brunswick Township Plans Clean Up and Celebration

Release Date: March 20, 2017

**Contact: Bill Epps
South Brunswick Township Recycling Program
(732)329-4000, extension 7274**

Since 1992 South Brunswick, with help from the New Jersey Clean Communities Program, has sponsored annual volunteer litter clean up during the month of April to celebrate Earth Day locally. Year after year, dedicated individuals, families and groups have given of their valuable time in service to their community and have done a superb job in making South Brunswick a cleaner community.

More help is needed! According to Bill Epps, the Township's Recycling Coordinator, there are still Township roads that are in need of a spring cleaning. The Township will supply volunteers with bags and gloves to get the job done. A commemorative tree planting and celebration is planned for volunteers on April 23rd from noon until 3 p.m. at Reichler Park (Senior Center in case of rain). Free hot dogs, soda, games and entertainment as well as free T-shirts for volunteers are planned.

For information contact the South Brunswick Recycling Department at 732-329-4000, extension 7274.
